# Horizon HX

Feature Rich,  
Unmatched Performance  
and Safety

Defy constraints and compromises; require Horizon HX.

With pioneering performance, innovation and reversionary capabilities the choice is clearly on the Horizon; including built-in ARINC-429 interface, full autopilot control and modes, video input capability, dual cross-checking high-integrity AHRS and more.

Horizon HX display	\$4000
Single AHRS	\$3000
<b>Options</b>	
Dual AHRS	Add \$1500
External GPS	\$400
External RAIM GPS	\$750
XM Weather	\$550
Backup Battery	\$140
4 Cylinder Package	\$1350
6 Cylinder Package	\$1550
8.4" Display	Add \$600
Single/ Dual AHRS	\$3000/\$4500
HS display (w/o SV & ARINC)	Subtract \$2000

Single Display System starts at \$8350

Dual Display/Dual AHRS System starts at \$13850

# Sport SX

Value Minded,  
Upgradable

The perfect low-cost solution to provide primary flight instruments, moving map and engine data in your aircraft.

The Sport SX incorporates many of the features of the Horizon HX, including the brilliant sun-light readable display, dedicated AHRS processor, autopilot control, in a single compact package.

\$200-SX (with flight instruments, w/o engine inst.) \$3000  
\$100-SX (without flight or engine inst.) \$2000

<b>Options</b>	
Processor upgrade	\$600
Synthetic Vision ( incl. processor upg.)	\$1200
GPS Vertical Commands	\$500
4 Cylinder Package	\$1200
6 Cylinder Package	\$1400
Backup Battery	\$140
External ARINC-429	\$475
Internal GPS	\$400
XM Weather	\$950
8.4" Display	Add \$600

Single Display system starts at \$4200  
Dual Display system starts at \$6200
